JIMÉNEZ PUERTA LEGAL

Career History

Since 2003, our firm has represented the interests of financial institutions and companies in the real economy in high-stakes litigation, achieving significant positive results.

Throughout its history, our firm has handled and managed more than 4,000 bankruptcy cases.

We focus on providing solid, technical, and strategic legal solutions, backed by a deep understanding of the business and its legal, contractual, and regulatory risks.

Value Proposition

We lead investment structuring operations through JPA Investment Structuring Corp in Panama and Delaware, alongside strategic alliances with highly reputable firms in Europe, consolidating our position as one of the most influential boutique firms in the country.

Lines of Defense

01. Insolvency Law

Legal advisory and practice in various corporate rescue mechanisms, such as corporate reorganization, insolvency for non-merchant individuals, and new insolvency mechanisms like Emergency Negotiations of Reorganization Agreements (NEAR) and Emergency Recovery Procedures (PRES), focused on credit recovery and exploring all available legal avenues.

02. Corporate Law

Legal advisory and practice in corporate matters, business structuring, corporate governance, family protocols, and due diligence in corporate operations and transactions such as mergers, acquisitions, collaboration agreements, and any type of business concentration.

03. Consumer and Antitrust Law

We support individuals and companies in defending their interests in matters of consumer law, financial consumer protection, unfair competition, and anti-competitive practices before administrative and judicial authorities.

04. Labor and Social Security Law

Comprehensive advisory on personnel hiring, management of individual and collective labor relations, and the implementation and advisory of the Occupational Safety and Health Management System (SG-SST). We represent companies in ordinary and special labor proceedings.

Lines of Defense

05. Environmental and Natural Resources Law

Advisory and representation before administrative authorities in sanctioning proceedings for violations of environmental regulations.

06. Complex Litigation and Arbitration

Strategic representation and defense in litigation before any judicial authority or arbitration tribunals.

07. Infrastructure and Public Utilities

Comprehensive legal advisory in infrastructure and public utilities projects, including contract structuring, sector-specific regulation, operations, and dispute resolution.
